

ambition

Cooler for Blanched Products

tech

Systems to reduce product temperature quickly & efficiently.

Advantages:

- Cooling occurs gradually – No thermal shock
- Ambient or chilled
- High capacity systems
- Waste heat recovery
- Low maintenance
- Hygienic design
- Stainless steel in contact

Technical Specification:

- **Product:** Vegetables, Fruits
- **Capacity (tonnes/hr):** Up To 10
- **Cool Temp (°C):** Down To 5
- **Cooling Times:** Product Dependent
